

Epix ThinGlow™ Cove Lighting adds an aesthetic accent and extra depth to your room. Choose white for a classic look, or use Epic's RF controller to choose from thousands of colors and programs.

TRANSFORM YOUR SPACE

The impact of cove lighting can be subtle or dramatic. Illuminating your ceiling instantly makes your room look larger. Changing the color, temperature and brightness of cove lighting can instantly create a warm and relaxing, formal and cool, or colorful & exciting space.

DEPTH, AMBIANCE, DESIGN

Epixsky's ThinGlow™ is a flexible strip series with printed LED Circuit Boards that provide high quality even illumination and variable colors and brightness. Cove lighting is perfect for residential, commercial, wellness, hospital & hospitality applications.
